Guide

Use this guide as a planning framework. Requirements differ by institution, programme, country, applicant category, and intake. Keep a record of the official source and the date you checked it.

Estimate borrowing need

- Calculate tuition and reasonable living costs after confirmed grants or savings.
- Borrow only after considering the full course duration and contingency needs.
- Separate confirmed funding from speculative scholarships or future income.

Compare lenders

- Review interest rate, whether fixed or variable, fees, repayment schedule, and total cost.
- Check moratorium terms, co-borrower obligations, collateral, and currency risks where relevant.
- Read late-payment, default, prepayment, and hardship provisions.

Before signing

- Use regulated lenders and verify the lender independently.
- Never share OTPs, passwords, or PINs with an agent.
- Read the complete agreement and seek qualified advice if terms are unclear.
